

WHY GEORGIA?

For thousands of years, travellers and merchants passed along the Great Silk Road through Georgia. It was a kingdom where borders and capitals changed to please kings, rulers and conquerors, where everyone left their mark, but the freedom-loving Georgian spirit, centuries-old traditions and Georgian identity have remained unchanged to these days.

Time cannot change the spirit of adventure that awaits You in this mystical land where East meets West. One will admire not only the natural mix of Eastern mysticism and Western elegance but also the people who themselves are the best examples of Georgian hospitality since the true wealth of the country is the Georgian people themselves.

Georgia as MICE Destination:

- Visa-free entry and comfortable language environment.
- Regular, direct and convenient flights.
- Several international airports and a variety of destinations.
- Safety and mild continental climate.
- All seasons on! Ski, beach and recreational resorts.
- Availability of all the modern infrastructure necessary for business tourism in almost all regions of the country.
- A large selection of up-class hotels with conference halls of varying capacity, both in Tbilisi and on the Black Sea coast.
- A variety of locations and venues for events and exhibitions, as well as team-building and quests of any scale.
- A 3,000-year-old history and the crossroads of empires.
- The richest cultural and historical success and the presence of architectural monuments included in the UNESCO world heritage.
- Unique charm and folklore traditions.
- The birthplace of world winemaking and famous cuisine.
- A reasonable balance between the quality and cost of services provided and the ability to pay in EUR/USD.
- An atmosphere for building an effective team.
- Hospitality and friendliness.

TEAM BUILDING

WHY CALYPSO?

For 20 years, we have implemented the most incredible travel and corporate event concepts! In some of them, we were and remain the first and only ones to this day.

We are the only one in Georgia to offer a large-scale unique team-building "The Treasure of Petra", which was built on the territory of the historical and archaeological complex, which is a Cultural Heritage Monument.

We get anything, anywhere and anytime for our clients.

We are trusted and recommended by others.

Our quality coordinator is always ahead of the programs and ensures that our clients get high-quality service from contractors.

Need a more flexible approach, assessment of costs in EURO or USD, budget optimization - sometimes we are so flexible that even yogis are jealous.

And, most importantly. Soul. It is in everything we do.

Since 2004, we have been bringing to life the most extraordinary ideas of our customers. We sincerely believe that "everything is possible" and that our thoughts have no limits in their free flight of achieving results beyond expectations.

THE BEST MICE TOURISM

- In December 2018, we became winners in the nomination “The Best MICE Tourism” by the national award “Welcome to Georgia”.
- In October 2017, we won the virtual tender “Best Video Concept for Team-Building” at the International MICE Geography Show (IMG Show).

WHAT MAKES US EXCLUSIVE?

The Team-Building “The Treasure of Petra”

Our own and unique project, which was scrupulously worked out and built over the whole year in the historical and archaeological complex of the Petra Fortress. The team-building is based on a real story which goes deep into black archaeology.

Notes:

- Possible number of participants - from 8 to 100 people (from 2 to 10 teams)
- Wide range of intellectual, physical and extreme obstacles
- Planning of any configuration of game days convenient for You
- The most suitable period: April-December

WHAT MAKES US DIFFERENT?

The Team-Building “Gold of Fortress”

Top Calypso Portfolio

We were the first in Georgia to organize a team-building game "Gold of Fortress" based on the TV game "Fort Boyard". And for the duration of the game, we closed off a 7-hectare area for the client.

We love creative ideas and are not afraid to implement them!
Sometimes we are called a construction company, and some of our projects are local landmarks.

In 2011, as part of the team building “Strength in Unity,” we built an 84-meter-long bridge across the Mtkvari River. We constructed a structure for a presentation using 3D Mapping technology, and taught 145 people to sing, dance, and cook Georgian dishes.

And in 2014, during the “Path to the heights” project, we provided technical support for the conference, brought a ship, built a “roller coaster,” and closed off the central part of the Batumi port for a test drive on the ship.
