AFTER

We are trailblazers who created the first international travel fairs “Batumi Expo 2009 & 2010” as a turnkey solution in Georgia with passability of more than 2000 persons.

WELCOME TO GEORGIA national tourism awards THE BEST MICE TOURISM

We love creativity. Sometimes we are called a development company & some of our projects became local sightseeing.

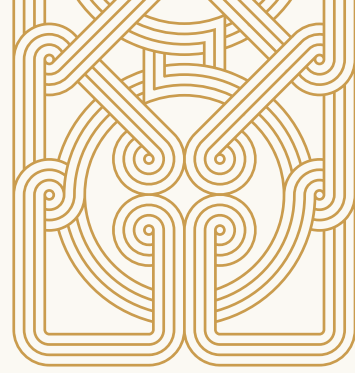

In 2011 we built 84m long bridge across the River Mtkvari in frames of team building “Strength in Unity”. We erected a construction for 3D-mapping presentation & trained 145 people to sing, dance, and cook Georgian by the way.

In 2014 we built “roller coaster” on the ship & locked the central part of the Batumi Sea Port in frames of test-drive “Path to the Peaks”. We provided technical support on a conference as well.

Since 2011 we have no limits in thinking on achieving extraordinary goals.

Full organization of the event for 200 people on a turnkey basis: slogan, design and branding, as well as team building and gala dinner.

We can act in a flexible way that make a yoga wonder.

Thank You!
